

## **1.0 Table of Contents for a Typical Facility Qualification**

1.0	Table of Contents	3
2.0	Objective	4
3.0	Scope	4
4.0	Background	4
5.0	Facility Description	4
6.0	Definitions	5
7.0	Safety Instructions	6
8.0	General Instructions	6
	8.1 Responsibilities	7
	8.2 References	7
	8.3 Signature Verification Form	7
	8.4 Test Instrument Data Form	7
	8.5 Protocol Discrepancy Form	8
9.0	Drawings	8
10.0	Room Finishes	9
11.0	Door and Window Installation	9
12.0	Electrical Installation	10
13.0	Lighting Installation	11
14.0	Plumbing Installation	11
15.0	RTU Installation Inspection	12
16.0	HEPA Filter Installation	13
17.0	Major Equipment Components	13
18.0	Filters	14
19.0	Instrumentation	14
20.0	Utilities	15
21.0	Specifications and Purchase Orders	15
22.0	Lubricants	16
23.0	Spare Parts	16
24.0	Engineering Documentation	17
25.0	Standard Operating Procedures	17
26.0	Instrument Calibrations	18
27.0	HVAC System Start-Up and Test & Balance Verification	19
28.0	Room Air Change Rate	19
29.0	HEPA Filter Integrity Test	20
30.0	Room Particle Counts – As-Built or At-Rest	22
31.0	Room Pressure Differentials and Air Flows	23
32.0	Room Temperature and Humidity Evaluation	24
33.0	Particle Recovery Test	26
34.0	Sound Levels	27
35.0	Acceptance Criteria	27
36.0	Attachments	28
